**BNA BOOKS' THE LAW OFFICER'S POCKET MANUAL, 2010 EDITION  
UPDATED WITH CRITICAL SUPREME COURT RULINGS**

Arlington, Va., October 2009—The *new* 2010 EDITION of THE LAW OFFICER'S POCKET MANUAL gives officers quick, reliable guidance based on the latest Supreme Court rulings and other legal developments. It covers arrest, search, surveillance, and other routine and sensitive areas of law enforcement, and is published by BNA Books, a division of BNA, a specialized news and information publisher.

THE LAW OFFICER'S POCKET MANUAL is useful as a classroom training reference for officers, as well as an on-the-scene immediate reference. The handy 4" x 6" **MANUAL** helps officers make quick decisions and take enforceable action in everyday situations, based on current guidance from the Supreme Court. Defensible police practices are presented with more than 100 practical examples drawn from leading cases. Basic rules of procedure are highlighted in red for quick reference and examples showing how the rules are applied are provided throughout. Ample space for note-taking is provided after each chapter.

The 2010 EDITION is designed to provide the immediate answers law officers need, including the latest U.S. Supreme Court decisions on:

- radical changes to the rules governing searches of vehicles incident to an arrest
- the new rule allowing interrogations of formally charged defendants
- the latest guidance on questioning and frisking during vehicle stops
- expansion of the good-faith exception to the Fourth Amendment's exclusionary rule for unconstitutional searches and seizures

Since it was first published in 1972, hundreds of police departments, sheriffs' offices, and security patrols nationwide have used THE LAW OFFICER'S POCKET MANUAL on the beat, in daily briefings, and in training, because it is written in plain English and updated annually by the experienced editors of BNA's *Criminal Law Reporter*.
