

# Detailed Table of Contents

|                                    |        |
|------------------------------------|--------|
| Preface .....                      | vii    |
| Preface to the First Edition ..... | ix     |
| Summary Table of Contents .....    | xiii   |
| Glossary of Abbreviations .....    | xxxiii |

## I—Patentability

|  |    |
|--|----|
| 1 Patents .....                                | 3  |
| §1.1 The Patent Grant .....                    | 4  |
| (a) A Property Right of Exclusion .....        | 4  |
| (b) Claims and the Concept of Domination ..... | 9  |
| §1.2 Constitutional Source and Purpose .....   | 11 |
| §1.3 Statutory Framework .....                 | 14 |
| (a) Combinations of Old Elements .....         | 15 |
| (b) Value of the Invention .....               | 15 |
| (c) Public Domain .....                        | 16 |
| (d) First to Invent vs. First to File .....    | 17 |
| (e) Equivalents and Claim Scope .....          | 18 |
| §1.4 Associated Legal Concepts .....           | 20 |
| (a) Copyright .....                            | 20 |
| (b) Antitrust .....                            | 23 |
| (c) Federal Preemption of State Action .....   | 25 |
| (d) Foreign Patents and Patent Law .....       | 33 |
| (i) Comity .....                               | 34 |
| §1.5 Presumption of Validity .....             | 35 |
| (a) General .....                              | 35 |
| (b) Specific Applications .....                | 40 |

|  |     |
|--|-----|
| (i) Holdings of Validity .....   | 40  |
| (ii) Prior Adjudications .....   | 41  |
| (iii) Particular Issues .....  | 42  |
| (iv) Particular Proceedings.....   | 46  |
| (c) PTO Proceedings.....   | 48  |
| (i) Ex Parte Prosecution.....  | 48  |
| (ii) Prima Facie Unpatentability .....                                   | 48  |
| (iii) Interference Proceedings .....                                     | 49  |
| (iv) Reexamination and Reissue.....                                      | 49  |
| 2 Utility and Eligibility.....   | 51  |
| §2.1 Introduction .....  | 52  |
| §2.2 Patentable Subject Matter .....                                     | 53  |
| (a) Products .....   | 53  |
| (i) General.....   | 53  |
| (1) Printed Matter.....  | 54  |
| (2) Product-by-Process .....   | 55  |
| (ii) Naturally Occurring Products .....                                  | 55  |
| (iii) Living Organisms.....  | 56  |
| (b) Processes.....   | 57  |
| (i) General.....   | 57  |
| (ii) Algorithms and Software.....  | 59  |
| (1) Computer Programs and<br>Programmed Machines .....                   | 63  |
| (2) Electronic Signals.....  | 64  |
| (iii) Business Methods; The “The Machine-or-<br>Transformation Test..... | 65  |
| (iv) Machine Functions .....   | 69  |
| (v) New Uses.....  | 69  |
| (c) Statutory Exclusions .....   | 70  |
| (d) Semiconductor Chip Protection .....                                  | 71  |
| (e) Statutory Invention Registration.....                                | 72  |
| §2.3 Utility.....  | 73  |
| (a) General.....   | 73  |
| (b) Operability.....   | 76  |
| (c) Chemical Compounds and Human Utility .....                           | 79  |
| §2.4 Design Patents .....  | 81  |
| (a) Ornamentality Versus Functionality .....                             | 82  |
| (b) Infringement.....  | 84  |
| (i) The <i>Gorham</i> Ordinary Observer Test .....                       | 88  |
| (ii) The Rise and Fall of the Point of Novelty<br>Test.....              | 91  |
| (c) Novelty and Loss of Right .....                                      | 95  |
| (d) Obviousness .....  | 96  |
| (e) Other Issues.....  | 99  |
| §2.5 Plant Patents .....   | 100 |

|      |  |     |
|------|--|-----|
| 3    | Novelty and Loss of Right .....                            | 103 |
| §3.1 | Introduction .....   | 104 |
| §3.2 | Anticipation .....   | 105 |
|      | (a) The General Test .....                                 | 106 |
|      | (b) Inherency .....  | 111 |
|      | (c) Enablement .....                                       | 115 |
|      | (d) Combining References.....                              | 118 |
|      | (i) Incorporation by Reference .....                       | 120 |
|      | (e) Relation to 35 U.S.C. §103(a).....                     | 120 |
|      | (f) Prima Facie Anticipation .....                         | 122 |
|      | (g) Review of Anticipation Findings.....                   | 123 |
| §3.3 | Originality—Derivation.....                                | 125 |
| §3.4 | Prior Art .....  | 127 |
|      | (a) Patenting; 35 U.S.C. §102(e).....                      | 129 |
|      | (b) Publication .....                                      | 131 |
|      | (c) Use or Sale .....                                      | 134 |
|      | (i) Prior Art and the Critical Date .....                  | 135 |
|      | (ii) Public Use in General.....                            | 136 |
|      | (iii) Secret Use .....                                     | 138 |
|      | (iv) On Sale.....  | 139 |
|      | (1) Ready for Patenting—the <i>Pfaff</i> Rule .....        | 146 |
|      | (2) Nonenabling Sales .....                                | 151 |
|      | (v) Experimental Use or Sale .....                         | 152 |
|      | (d) Prior Invention or Knowledge.....                      | 160 |
|      | (i) Prior Knowledge .....                                  | 161 |
|      | (ii) Prior Invention.....                                  | 162 |
|      | (iii) Corroboration of Prior Invention or Use .....        | 168 |
|      | (e) Admissions as Prior Art.....                           | 171 |
| §3.5 | Statutory Bars .....                                       | 173 |
| 4    | Nonobviousness .....                                       | 177 |
| §4.1 | Introduction .....   | 178 |
| §4.2 | The Statutory Inquiry.....                                 | 179 |
|      | (a) Section 103 and <i>Graham v. Deere</i> .....           | 179 |
|      | (b) The Federal Circuit Formulation.....                   | 182 |
|      | (i) The Basic Test.....                                    | 182 |
|      | (ii) The Timing of the Inquiry .....                       | 184 |
|      | (iii) The Whole of the Evidence.....                       | 185 |
|      | (iv) The Legal Conclusion: Federal Circuit<br>Review ..... | 186 |
|      | (c) Obsolete Subtests and Forbidden Shortcuts .....        | 190 |
| §4.3 | Level of Ordinary Skill in the Art.....                    | 193 |
|      | (a) The Person of Ordinary Skill.....                      | 195 |
|      | (b) The Level of Ordinary Skill .....                      | 196 |
|      | (c) The Knowledge of the Person of Skill.....              | 198 |
| §4.4 | Scope and Content of the Prior Art .....                   | 200 |
|      | (a) Analogous Art.....                                     | 202 |

|  |     |
|--|-----|
| (b) Teaching and Teaching Away .....   | 205 |
| §4.5 Differences Between Prior Art and Invention .....                               | 208 |
| (a) Gist of the Invention .....  | 211 |
| (b) Claimed Invention .....  | 212 |
| §4.6 Objective Evidence of Nonobviousness .....                                      | 213 |
| (a) The Required Nexus .....   | 215 |
| (b) Commercial Success .....   | 217 |
| (c) Other Objective Indicators .....   | 219 |
| (i) Copying .....  | 219 |
| (ii) Prior Failure .....   | 221 |
| (iii) Licenses .....   | 221 |
| (iv) Long-Standing Problem or Need .....   | 222 |
| (v) Unexpected Results .....   | 223 |
| (vi) Skepticism .....  | 225 |
| (vii) Independent Development .....  | 225 |
| (viii) Prior Litigation .....  | 226 |
| §4.7 Resolution of the Legal Question .....  | 226 |
| (a) Combining References; The TSM Test and the<br><i>KSR</i> Decision .....          | 227 |
| (i) <i>Teleflex v. KSR</i> .....   | 228 |
| (ii) Federal Circuit Cases Just Prior to <i>KSR</i> .....                            | 231 |
| (iii) Applications of <i>KSR</i> .....   | 235 |
| (iv) Pre- <i>KSR</i> Statements That May Retain<br>Vitality .....                    | 236 |
| (b) Combination Patents in General .....   | 241 |
| (c) Combining References; Obvious to Try;<br>Reasonable Expectation of Success ..... | 243 |
| (d) Alternative Statements About Combining<br>References .....                       | 246 |
| (e) Prima Facie Obviousness .....  | 249 |
| (f) Miscellaneous Statements .....   | 255 |
| 5 Specification and Claims .....   | 259 |
| §5.1 Introduction .....  | 260 |
| §5.2 Enabling Disclosure .....   | 261 |
| (a) General .....  | 262 |
| (i) Best Mode Requirement .....  | 264 |
| (ii) Description Requirement .....   | 264 |
| (iii) Anticipation .....   | 264 |
| (iv) Living Organisms .....  | 265 |
| (b) Claimed Invention .....  | 266 |
| (i) Scope of Enablement .....  | 267 |
| (c) Person of Ordinary Skill .....   | 270 |
| (d) No Undue Experimentation .....   | 272 |
| (e) Relation to Utility and Operability .....  | 274 |
| §5.3 Best Mode .....   | 277 |
| (a) Introduction .....   | 277 |

|      |  |     |
|------|--|-----|
|      | (b) Relation to Enablement and Adequacy of Written Description .....                                       | 279 |
|      | (c) Claimed Invention .....  | 279 |
|      | (d) Disclosure of Preferred Embodiment .....   | 282 |
|      | (e) Concealment .....  | 287 |
| §5.4 | The Written Description Requirement.....   | 288 |
|      | (a) Introduction: New Matter and Support.....  | 288 |
|      | (b) Function of the Description Requirement:<br>The <i>Enzo</i> Case .....                                 | 290 |
|      | (c) Analysis of a Written Description .....  | 291 |
|      | (d) The Written Description as a Priority<br>Determinant .....   | 296 |
|      | (e) The Written Description as a Limit on Permissible<br>Claim Scope .....                                 | 299 |
|      | (i) The <i>Gentry Gallery</i> Doctrine.....  | 302 |
|      | (f) The Written Description as a Determinant of<br>Original Content: New Matter and Late<br>Claiming ..... | 306 |
| §5.5 | Adequacy of Claims.....  | 309 |
|      | (a) Introduction .....   | 309 |
|      | (b) Relation to Claim Construction .....   | 312 |
|      | (c) Prosecution Versus Litigation: Patentability and<br>Validity .....                                     | 315 |
|      | (d) Relation to Other Conditions for Patentability .....   | 316 |
|      | (e) Necessary and Extraneous Limitations .....   | 318 |
|      | (f) Words of Degree.....   | 321 |
|      | (g) Functional Language: 35 U.S.C. §112¶6 .....  | 323 |
|      | (h) Product-by-Process Claims .....  | 324 |

## II—Claim Construction and Infringement

|      |   |     |
|------|---|-----|
| 6    | Claim Construction .....  | 327 |
| §6.1 | The <i>Markman</i> Rule—Claim Construction as a<br>Matter of Law .....            | 330 |
|      | (a) Stage of the Proceedings; <i>Markman</i> Hearings .....                       | 335 |
|      | (b) Intrinsic Versus Extrinsic Evidence—The<br><i>Vitronics</i> Case .....        | 338 |
|      | (c) Ordinary Meaning—The Discredited <i>Texas</i><br><i>Digital</i> Protocol..... | 342 |
|      | (d) Ordinary Meaning—The <i>Phillips</i> Protocol.....                            | 344 |
| §6.2 | Ordinary Meaning and Its Determination .....                                      | 351 |
|      | (a) Person of Ordinary Skill .....  | 353 |
|      | (b) Timing of the Inquiry.....  | 354 |
|      | (c) Claim as a Whole.....   | 355 |
|      | (d) Special Terms of Art .....  | 357 |
| §6.3 | Deviations From Ordinary Meaning: Intrinsic<br>Evidence.....                      | 363 |

|       |   |     |
|-------|---|-----|
| (a)   | Specification.....                                | 363 |
| (i)   | Inventor Lexicography.....                        | 367 |
| (ii)  | Clear Disavowals; Crucial Elements .....          | 370 |
| (iii) | Cautionary Note .....                             | 371 |
| (b)   | Title, Abstract, and Drawing.....                 | 374 |
| (c)   | Prosecution History; Prosecution Disclaimer ..... | 375 |
| (d)   | Other Admissions and Estoppels.....               | 384 |
| §6.4  | Extrinsic Evidence .....                          | 385 |
| (a)   | Inventor Testimony .....                          | 386 |
| (b)   | Expert Testimony .....                            | 388 |
| (c)   | Dictionaries, Encyclopedias, Treatises.....       | 390 |
| §6.5  | Factual Underpinnings and Appellate Review.....   | 394 |
| §6.6  | Means-Plus-Function (MPF) Limitations .....       | 399 |
| (a)   | Relation to the Doctrine of Equivalents .....     | 399 |
| (b)   | MPF Equivalency .....                             | 401 |
| (c)   | Construction of MPF Limitations.....              | 402 |
| (d)   | The Role of Prior Art.....                        | 409 |
| (e)   | Identification of MPF Limitations .....           | 410 |
| (f)   | Method Claims.....                                | 413 |
| §6.7  | Some Standard Rules.....                          | 414 |
| (a)   | Consistency .....                                 | 414 |
| (b)   | Accused Infringement .....                        | 416 |
| (c)   | Claim Differentiation .....                       | 418 |
| (d)   | Claim Type .....                                  | 421 |
| (e)   | Claim Limitations .....                           | 423 |
| (f)   | Preamble Statements .....                         | 424 |
| (g)   | Other Reasons for Interpretation .....            | 428 |
| (h)   | Litigation Versus Prosecution.....                | 430 |
| (i)   | Preservation of Validity.....                     | 432 |
| 7     | Literal Infringement .....                        | 437 |
| §7.1  | Introduction .....                                | 438 |
| §7.2  | Direct Infringement .....                         | 439 |
| (a)   | General.....                                      | 439 |
| (i)   | Fundamental Concepts .....                        | 439 |
| (1)   | Reverse Equivalents .....                         | 445 |
| (2)   | Section 112 Equivalents .....                     | 447 |
| (3)   | Domination.....                                   | 447 |
| (4)   | Validity Versus Infringement.....                 | 448 |
| (ii)  | Literal Infringement .....                        | 449 |
| (iii) | The Prohibited Acts.....                          | 455 |
| (1)   | Making, Use, Offer, and Sale .....                | 456 |
| (A)   | Process Patents.....                              | 458 |
| (B)   | FDA Approval .....                                | 460 |
| (2)   | Within the United States .....                    | 466 |
| (3)   | During the Term of the Patent .....               | 470 |
| (b)   | Repair Versus Reconstruction .....                | 472 |

|  |     |
|--|-----|
| (c) Implied License and Patent Exhaustion (the “First Sale” Doctrine) .....                                      | 478 |
| §7.3 Inducement and Contributory Infringement .....  | 488 |
| (a) The Direct Infringement Requirement .....  | 489 |
| (i) Divided Infringement .....   | 491 |
| (b) Contributory Infringement .....  | 493 |
